EXPLANATION OF LATENESS IN FILING

In May 1989, KDLF lost its manager with Don Hebert assuming the acting managers position. On 29 September 1989, Mr. Hebert required by-pass heart surgery. He was on sick leave until the first week of December 1989 when he returned to work under limited hours. Then on 25 December 1989, Mrs. Hebert became ill and was hospitalized. On 1 February 1990, Mrs. Hebert underwent surgery for cancer in the pancreas area. The surgery showed the cancer to be in the lymph systems and not removable by surgery. Mrs. Hebert immediately started radiation treatment. In the following three months, Mrs. Hebert was in and out of the hospital three times accounting for over 50 days and during this period she fell and broke her arm. As of May 24, 1990, Mrs. Hebert is hospitalized with pneumonia and kidney failure. All of these problems have resulted in Mr. Hebert being pulled from his job almost continuously since 1 October 1989.

In May 1990, it was discovered that Mr. Hebert had set aside the FCC forms to file them but had failed to do so. Immediately, on 16 May 1990, KDLF started announcing the pre-filing announcements, two times per day, for 10 days straight. Thereafter, they will be announced Monday through Friday, twice per day, until this report is filed.

The RF levels are within limits for distances greater than 6.56 feet from the base of the tower.

The tower fence exceeds the 6.56 feet distance and appropriate signs warn the public and employees of the danger within the fence. Should it become necessary for an employee or service person to enter the fences area during normal operating periods, then the station would go off the air to minimize any possibility of exposure.

FILING INSTRUCTIONS

Broadcast station licensees are required to afford equal opportunity to all qualified persons and to refrain from discriminating in employment and related benefits on the basis of race, color, national origin, and sex. See Section 73.2080 of the Commission's Rules. Pursuant to these requirements, a license renewal applicant who employs five or more full-time station employees must file a report of its activities to ensure equal employment opportunity for women and minority groups (that is, Blacks not of Hispanic origin, Asians or Pacific Islanders, American Indians or Alaskan Natives, and Hispanics). If minority group representation in the available labor force is less than five percent (in the aggregate), equal employment opportunity (EEO) program information for minority group members need not be filed. However, EEO program information must be filed for women since they comprise a significant percentage of virtually all area labor forces. If an applicant employs fewer than five full-time employees, no equal employment opportunity activity information need be filed.

A copy of this report must be kept in the station's public file. These actions are required to obtain license renewal. Failure to meet these requirements may result in license renewal being delayed or denied. These requirements are contained in Section 73.2080 of the FCC Rules (47 CFR 73.2080), and are authorized by the Communications Act of 1934, as amended.

- ☒ If your station employs fewer than five full-time employees, check the box at left, complete the certification below, return the form to the FCC, and place a copy in your station's public file. You do not have to complete the rest of the form.
- If your station employs five or more full-time employees, you must complete all of this form and follow all instructions.
- ☐ If minority group representation in the available labor force is less than 5 percent (in the aggregate) and you choose not to file EEO program information for minority groups, check the box at left and complete the rest of this form with only the information for your program directed towards women.

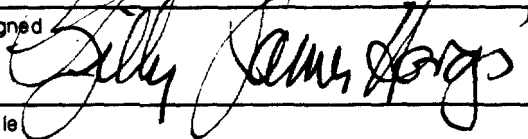

CERTIFICATION

This report must be certified, as follows:

- B. By a partner, if a partnership (general partner, if a limited partnership);
